PROFESSIONAL EXPERIENCE

Principal | Interim Enterprise Capability & L&D Advisor | Catalyst Learning & Strategy

Jun 2025–Present

Advises organizations on enterprise capability, workforce readiness, learning strategy, AI adoption, operating models, governance and measurable performance.

- Guide senior leaders in translating business priorities into capability requirements, operating-model choices, governance decisions and focused enablement strategies.
- Develop practical approaches for responsible AI adoption, human-AI work design, leadership readiness, performance enablement and capability-system modernization.

Director of Learning and Development | SE Health

Jan 2017–Jun 2025

Led enterprise learning, Corporate University, digital transformation and workforce capability for a national Canadian healthcare organization; managed an approximately \$2M annual L&D operating budget and a multidisciplinary team of approximately 14.

- Expanded Corporate University delivery capacity by approximately 400% by redesigning the operating model, strengthening governance and aligning capability priorities with enterprise and workforce needs.
- Led modernization and migration of the learning platform for 60,000+ learners, reducing recurring platform costs by approximately 65% and generating approximately \$390K in annual savings.
- Advanced AI-enabled and adaptive learning, using analytics to strengthen adoption and effectiveness; relevant programs achieved approximately 25% higher engagement.
- Introduced immersive VR dementia-empathy learning associated with approximately 90% improvement in the program's measured empathy outcome.
- Led workforce readiness for a PeopleSoft-to-Workday transformation through role readiness, communications, learning, workflow redesign, adoption support and sustainment, partnering with HR and technical implementation teams.
- Led CareChannel end-to-end, a two-year Ontario Ministry-funded caregiver initiative with approximately \$2M in annual project funding; managed budget, team/vendors, Ministry relationship and multilingual delivery, reaching approximately 1.7M Ontarians within five months against a 1M target.
- Advanced culturally responsive and inclusion-focused capability initiatives associated with approximately 15% improvement in the relevant program-level inclusivity measure.

PROFESSIONAL EXPERIENCE — CONTINUED

Head of People & Learning Strategy | Training EDGE

Oct 2006–Dec 2016

Led consulting and transformation engagements across financial services, insurance, healthcare, education, government, technology and professional associations, with delivery across Canada, India, China and the UAE.

- Designed enterprise learning, leadership and talent strategies connecting workforce capability with operating change, succession, technology adoption and measurable performance.
- Built blended, digital, experiential and simulation-based solutions for complex client environments, adapting approaches to regulatory, cultural and operational requirements.
- Advised executives and HR leaders on capability governance, performance consulting, learning measurement, platform adoption and sustainable change.
- Supported insurance capability and process transformation associated with approximately 30% instant underwriting decisions and approximately 70% of policies issued within five business days.

Chief Compliance Officer | Keybase Financial Group / Argosy Securities

Mar 2004–Oct 2006

Held senior compliance, governance and training accountability in regulated Canadian financial-services and securities environments.

- Directed compliance governance, conduct and ethics education, internal controls, investigations, audit readiness and regulatory accountability across advisor and employee populations.
- Built scalable e-learning and blended compliance education for distributed teams, strengthening consistency, accessibility and supervisory visibility.
- Partnered with executives on policy implementation, risk escalation, workforce readiness and the alignment of capability with regulatory obligations.

Quality Assurance Specialist / Trainer | E*TRADE Canada / Versus Technologies

Feb 2000–Mar 2004

Supported workforce readiness, quality assurance and training in a technology-enabled online brokerage and electronic trading platform environment.

- Delivered onboarding, systems, operations and regulatory training to improve accuracy, service quality and readiness in a fast-moving fintech environment.
- Conducted quality reviews, coaching and investigation support; partnered with Operations and Compliance to update learning as products, regulations and processes changed.

Financial Advisor | CIBC

Sep 1997–Feb 2000

Provided investment, lending, financial-planning and relationship-management support to retail banking clients in a regulated environment.

BOARD & COMMUNITY LEADERSHIP

Vice Chairman, Board of Directors | Transitional Housing Initiative

2025–Present

Governance, workforce reintegration policy and community impact for Canadians aged 40+.

Board Member / Civilian Instructor | Air Cadet League of Canada

2014–2023

Youth leadership, mentorship, civic engagement and future readiness.

EDUCATION & CREDENTIALS

Doctor of Business Administration, Human Resource Management | Swiss School of Business and Management | 2025
